

Change is key to your success. Businesses grow by creating, managing and implementing change. But even the best laid plans and the most comprehensive strategies need extra help to succeed. When you need to expand, merge or restructure your business, you need specialist help from experts who understand your needs.

At Landin Wilcock we have more than 60 years' experience helping companies of all sizes to change, grow and become evermore successful. As one of the regions' leading corporate and business finance specialists, we have proved we can deliver, helping businesses grow and develop. From sole traders to large companies, we have the expertise you need to succeed.

Business plans to in-depth forecasts, acquisitions, mergers and disposals as well as complex MBOs and MBIs, at Landin Wilcock you can be sure of cost-effective, tailored solutions that eliminate risk, tackle your challenges today and create long-term growth in the future. Whether you're a small business trying to raise finance or an established company set to undertake a joint venture, we have the experience to help you make the right choices and the contacts you need in the banks and with venture capitalists, business angels and investors.

With hands-on, proactive advice and sensible, workable solutions, Landin Wilcock add value. We care about your business and its future. We're proud of our clients and are dedicated to their success, listening, talking and offering practical help every step of the way.
